MEMORANDUM

TO : FDR

FROM [] FDM

SUBJECT: General DRO and Dismissal of BREUER

Our American ODEUM staff has informed us that when TIGRIS (DRO Projects) and MAGOMA (BREUER Projects) were told of BREUER's dismissal, neither one showed much surprise at this turn of events and welcomed the opportunity of dealing with some one else at ODEUM besides BREUER. Contrary to BREUER's specific statement to the American case officer that TIGRIS and DRO were paid \$1200 monthly, DRO never received any payment for his services and TIGRIS received and still is receiving a monthly salary of \$450. Another German staff member of ODEUM, who studied all the Armenian material available at ODEUM, came to the conclusion that the financial investment in this Armenian group is out of proportion to what they produced, which is practically nil. The Pullach staff recommended that TIGRIS and his Armenian group in Germany be dropped from the ODEUM payroll. The field is being notified that we concur with this recommendation. We suggest that those operations of interest to you and handled by TIGRIS might be further developed by DRO.
